

THE LEDGER.

THURSDAY, FEB. 9, 1888

A sudden drop in coal is predicted. It would be a drop of comfort to the poor man.

Governor Morehouse has announced himself positively a candidate for re-election. The more the merrier.

The Troy News and Troy Free Press have consolidated. This will make a county paper second to none in the State.

M. R. K. Briggs, of Farber, has many warm friends all over the county who are anxious for him to be a candidate for State Senator.

Mr. Barrett, of Columbia, has bought the Statesman, of that place. He is a live young Democrat and will keep it up to its present high standard.

John L. Sullivan really becomes editor of a Boston sporting journal, all complaints regarding matter published in its columns will be sent to the editor by mail.

Small beginnings make big endings. The funeral of the "Union Labor party" in this county will rival the wake held over the "Greenback" party in Audrain not long since.

The railroad committees are working night and day with splendid success. If every citizen who is interested in Mexico or Audrain county will do his duty there will be no doubt about the success.

It would appear from a glance at the criminal docket just tried that Prosecutors Attorneys who, in the past, have accepted pleas of guilty in some cases and dismissed those which they thought could not be made to stick, not only did their duty but saved big money for the county.

Mexico won't need any male college or factories of any kind unless we get the railroad. A few undertakers would find work for a few days when all would be over. If we get the railroad all other enterprises will come of their own accord.

The race for Governor now lies between Francis and Morehouse, with the former a decided favorite. Dockery will, we presume, be in the race and will be a formidable candidate. Candidates may come and candidates may go, but D. R. Francis will be the next Governor of Missouri.

Congressman Dockery is one of the ablest of Western Democratic Representatives. The tariff question is liable to come up very soon. There are two very good reasons why he should stay where he is. Our position in this case is very much the same as with Norton. It will be remembered the Ledger announced itself in favor of keeping the "Grand Old Jurist" on the Supreme bench.

Thomas C. Cox, one of Audrain's most prosperous East End farmers, who was tried at the present term of court for carrying concealed weapons, was found not guilty. It appears that Cox did not carry any concealed weapons at all, and that a man who did not like him was only trying to cause him as much trouble as possible. Such proceedings cost the county big money, and our grand juries should be as far as possible prevented from venting their spleen and spite through indictments. Of course grand juries are liable to be imposed upon and always will be, but much care should be taken in this particular as great injustice to individuals and big costs to the county are too often the result.

There is a class of political shysters in this world who would sell their birth right for an inch of weiner-wurst. Of course this little crowd of crumb pickers are never happy. They imagine all the time that some one else is getting the cream while they are getting left. We are sorry for them. They come cheap enough but no one needs them. They stand on the street and whine about this one and that one getting this thing and that thing, and at the same time the mendicants have one hand wide open behind them and the other ready to knife their dearest and best friend for a square inch of bacon to throw in with their beans, which were secured in the same unsavory style. No one is at all surprised that, when referring to their betters, these tramps are unable to measure them in anything but their own half bushel.

We see by the St. Louis Republican that R. M. White, editor of the Ledger, is "frequently mentioned as a candidate for Railroad Commissioner." This is news to us. We are overwhelmed, and trust it is a mistake. Running a daily paper in the country is bad enough, but when it comes to counting all the ties laid in the railroads of this State, etc., etc., we think the newspaper business is preferable. We trust the dear people are not going to thrust greatness upon us in this wholesale manner. We are used to presentations in the way of big pumpkins, small potatoes, rad and green cord wood, turnips, watermelons, etc., but when it comes to a fat office we are overcome and as it were, paralyzed. We must really ask for a little time to compose our feelings before we accept. When it comes to walking and making good sized tracks to show we

were patrolling the railroads as required there is no doubt of our qualification; but really we must not commit ourselves further till we have asked the consent of a certain party who lives in this city. He might object, you know, and that would settle the matter and our "fat take" would be a-bornin'.

Hon. J. W. Boulware, of Fulton, is still suffering from a severe shaking up he received while at a bull fight in Old Mexico a week or so ago. During the hottest of the fight an infuriated bull caught sight of Boulware's red head and in a frenzy broke out of the arena and over the seats he went after Callaway's Ochiltree in great shape. A lady punching the bull in the ribs with her parasol as he passed saved our friend's life. Boulware says having his life saved by a beautiful woman amply repays him for his fright.

All who are interested in the new railroad should read the letter from Chicago in to-day's Ledger and then attend the meeting on Monday. There is much to do yet and only a short time to do it in. If we have to let the die in the ditch, Mexico must have the road, but there is work to do yet.

Don't fail to examine the statement of the receipts and expenditures of Audrain County during the past year. No county in the State is in a more prosperous condition and no county in any State has a more economical and efficient set of officers than Audrain.

Dockery is one of the most influential men in the House and is doing good work. The people of his district sent him there to do just what he is doing so well. The people of the State will not call him from a field where he is so appreciated.

Whether it was Mr. Erickson or Mr. Columbus who discovered America, either would doubtless regret, were he alive to-day, that an exorbitant and ill-shaped tariff is working so much injury to a large part of the great discovery.

As will be seen from statement of expenses by the County Court "we have our poor all with us." We desire to say, though, that every dollar spent by the county is expended on only the deserving.

If Norton withdrew in favor of Morehouse the people, we presume, may be allowed a word in regard to the delivery of the goods. "No." Well, you will see before the race is over.

The Dakota settler should never go more than 100 feet from his house in winter, and then he should be sure that he has a good rope around him, that his wife may haul him in.

A Local Option petition was presented to the County Court yesterday and will be considered on Thursday. The court will order an election in the county to take place March 20.

The letter from Chicago in this issue of the Ledger in regard to the new railroad should spur our people on to renewed energy. There is work to be done at once.

The supper at the Christian Church was a very pleasant affair. All present enjoyed a pleasant evening and a neat sum was raised for a good cause.

The railroad meeting Monday must be well attended.

Hutton interviewed. The Globe-Democrat interviewed all the Missouri Congressmen with reference to Judge Norton's declination and Hon. John E. Hutton talked as follows:

"I supposed that Judge Norton's declination had been fully agreed upon, and that he would not put any opposition in the Democratic Convention. Of course there have been a number of other candidates mentioned and I hear some of them have been actively persuaded to enter the canvass. I suppose they will all have a chance now, and it is probable that candidates will be extremely numerous; I have heard Dockery and Clark and Barnes all spoken of and heard only a few days ago that Congressman Dockery would enter the race anyhow, whether Norton remained in or went out. Norton's withdrawal may help his boom, and then again it may help the individual boom of all the candidates. Gov. Morehouse, I see, is prominently mentioned, and it is barely possible that Judge Norton's withdrawal may be intended to favor the Governor. It is reported that recently were in consultation, and it may be they understand each other in the matter. However this may be, there is no doubt that a lively canvass will now ensue, and that the gubernatorial campaign will be much mixed."

Mr. Hutton was asked if he had a favorite in the race and he replied, "I haven't taken a very great interest in the matter and can't say that I have a favorite. Even if I had a candidate I should not deem it prudent to say so at this juncture."

J. F. Moun's Prescribes for the Mexico Editors. John F. Moun's, of the Vernalles Gazette, sends a couple of menages to Mexico through his paper, as follows:

"To the editor of the Mexico Intelligencer—take McLean's Vermifuge. Your symptoms indicate worms."

To the editor of the Mexico Ledger—read the Ten Commandments more closely and prayerfully. This is incumbent upon you as the editor of "A Great Religious Weekly."

We are sorry, but what can we hear Bro. Moun's is lost beyond any redemption, and we will not attempt to prescribe for him.

Decidedly Discouraging Reports Received with Reference to the New Railroad.

The following pointed letter was received at this office this afternoon:

TO THE EDITOR OF THE LEDGER: CHICAGO, ILL., Feb. 7.—I am sorry to hear of the delay in the laying out of the 2nd to Mr. Fudge, owing to his absence in Hannibal. We note in your paper a report of your last meeting, and appointment of a committee to come to Chicago on the 10th. Our meeting will be on the 13th (Monday), owing to the necessary absence of some of the directors, when we shall be glad to see any of our friends, but we are disappointed in the results at Mexico. After the 10th we shall feel at liberty to adopt the route which shall be the most beneficial to our company, unless Mexico shall have complied with the terms of our proposition.

JOSEPH LATHROP, Sec'y. and Treas.

AUXVASSE ATOMS.

Correspondence of the Ledger. AUXVASSE, MO., February 8.—Roads in this part of the vineyard are simply impassable. The wheat crop comes out from under the ice and snow in good condition, but night frosts may change the prospect very suddenly. February is the killing month to wheat.

Mrs. M. M. Show was out here last week prospecting the village in the interest of a newspaper at this point. A good newspaper is just the thing for our town, but we have seen but little of Mrs. Show's Regular, we are not prepared to say whether or not she is the person to conduct such an enterprise. We don't think a paper run in the interest of Local Option, temperance or Sanctification would strike our people as being just what we want. Those one-ideaed, extreme, cranky affairs are not what we need. We are all sober, moral and largely religious but not dogmatic or foolish about such matters, and very tolerant and conservative on all such subjects. A wide-awake, newsy paper run in the interest of our town, county and State with a square-toed, Democratic bearing, we think, would be the thing for Auxvasse.

Our town will have a building boom the coming season. There will not be less than eight residences put up as soon as the weather permit. Several are under contract now, besides a number of business houses.

Mr. Geo. Baskett leaves Auxvasse to-day for Guthrie, where he will go into business for the Kansas City Coal Company. George has lived here for several years and he and his estimable lady have made many warm friends, whose best wishes will follow them.

Miss Bettie Stewart left last week with her brother for Centralia, where she will make her permanent home.

News to Us. The St. Louis Republican, speaking of the probable candidates for Railroad Commissioner, says:

Among the most frequently mentioned are L. W. Burris, of Clay county; Mosby, of Osage; Col. W. R. Crockett, of Nevada; Dave Bouch, of Camden; R. M. Field, of Kansas City; R. M. White, of Mexico; A. Webb, of Crawford; W. O. L. Jewett, and Geo. Carleton, of Pennsylvania county.

Adrian D. Hutchison returned Sunday evening from Chicago, where he had been attending the school of pharmacy. Adrian is quite sick, not able to leave his room. He is a bright young boy and gives promise of becoming a thorough business man.—Nevada Democrat.

Ledger a Hunter. Bob White, the irrepressible faber of the Mexico Ledger, came up as soon as he heard of the killing of Roberts, in order to get the facts for his daily. Bob is a hunter.

Wm. Bagell was convicted in the Circuit Court yesterday on two counts for selling liquor without license.

LADDONIA LACONIOS.

Correspondence of the Ledger. LADDONIA, Mo., Feb. 8.—The farmers are buying seed oats, those who haven't them, and preparing to sow a large amount as early as the condition of the ground will admit. Oats are selling at 27 cents. Professor Lake, of Louisiana, in talks of teaching another class in music here during the next two weeks.

The M. E. Church now has a fine bell to ring out the hours of worship.

Laddonia, with its four churches, is now ready for a High School, not a denominational one, but where all can go and on Sunday they can hear their choice of churches. If their own church is not here, they can select one of the four or read a sermon at home.

We would take the Presbyterian College that Mexico wants and needs so badly, if they wish to bring it here. One thing sure, Laddonia will have a High School before long, because the country and the people demand it.

We have not despaired of having a fine flouring mill yet, because some miller with a mill and a few thousand dollars will see the advantage he would have by coming here, where at least 60,000 pounds of flour are sold every month, and where wheat could not only be raised, but could be shipped here as easily as to any town on the road.

One of our citizens, thinking to taste his wife's jelly, dipped his finger in some melted concentrated lye, and now has no taste for jelly or anything else.

Mrs. Read is still quite sick. Mrs. Rannels is on the sick list. There is talk of the C. H. & S. running through Laddonia, so a gentleman says that lately visited Hannibal, but we don't need the road and will give it to Mexico.

ANNE LAURIE.

Not a Bit Afraid. Col. Bob White of the Mexico Ledger, with the love of railroads in his soul, spent an hour here Monday. He wants the C. H. & S. to run through Mexico to Columbia, and yet fears Centralia will get it.

No Kin to Mexico's Bryan. The one-sided Center Democratic Capt. Polly Bryan, expelled from the Salvation Army for wearing a bustle, need not despair. She may march under the American eagle, and build her bustle as high as she likes. All the newspapers are at her service.
